11th August 2014

Dear Sirs

Section 13 proposal to modify the licence – condition R1

I refer to the above consultation published on 14th July 2014 proposing to insert a new temporary condition R1 into the Licence of all appointed water and sewerage and water only companies in England and Wales.

Our directors have considered this matter carefully and taken into account the unexpected opinion of HM Treasury and the Cabinet Office's designation of Open Water Market Limited (OWML) and the rules and controls that public bodies face. I can confirm that our Board accepts the proposed temporary licence modification as contained in the Section 13 Notice and consultation.

Yours faithfully

A Ramsey
