

**For the attention of current and potential customers of Anglian Water**

Ofwat is inviting comments from all parties on our proposal to appoint Independent Water Networks Limited (IWNL) as the statutory provider of water and sewerage services for a development of new houses and non-domestic units at Priors Hall in Corby, in Anglian Water's area of supply.

IWNL would, if appointed, replace Anglian Water as the statutory water and sewerage company for the above area.

A more detailed version of our proposal is available on the Ofwat website [www.ofwat.gov.uk](http://www.ofwat.gov.uk) or from our library by calling 0121 625 1373.

Comments must be submitted to Ofwat by 23 November 2007.
