

## Forward programme 2006-07

### Questionnaire

We consult our stakeholders each year on our priorities for the year ahead. The Water Act 2003 section 38 places a statutory requirement on us to do this. Please take a few minutes to complete this questionnaire, e-mail any comments or talk to us about your views.

**1. Does the format of the report help you identify what outputs Ofwat will produce?**

**2. If you consider the report needs improving, how could we achieve this?**

---

**3. What do you think our priorities should be in the year ahead?**

**4. And for the long term?**

**5. Does this consultation paper, supported by the forward programme workshop, offer sufficient opportunity for you to set out your views on what we should do? If not, what other means should we consider?**

**Thank you for completing this questionnaire. Please let us have your name and details of the organisation that you represent.**
