Dear Ingrid

Draft Section 13 Notice – 21 December 2012

Thank you for the letter of 21 December with formal notification of revised proposals to modify Conditions B and C of our company's licence in the form of a section 13 notice.

I can now confirm that the Board of Yorkshire Water Services Ltd has met formally to consider the matter. Subject to the caveats referred to in Appendix 2 to the preamble to the draft modifications I am pleased to inform you that the company accepts those proposed modifications.

Could you please liaise with our Company Secretary to agree the changes necessary to the draft to reflect the individual provisions of our existing licence.

Yours sincerely

Richard Flint
Chief Executive
