F.A.O Tim Griffiths

Dear Tim

Response to: “Consultation on Ofwat’s section 13 and 17J proposal to modify company licences – removal of the in-area trading ban”

We note the consultation on the proposal to modify section 13 and 17J Instruments of Appointment and Water Supply Licences by the addition of a retail market opening readiness condition.

Please take this letter as IWNL’s formal acceptance of the proposal to remove the ‘In Area Trading Ban’ from Condition R of the Instrument of Appointment from condition 7 of the standard conditions of the Water Supply Licences.

Yours sincerely

Mike Harding
Head of Regulation
