

2013-14 Special Agreement Register: South West Water Ltd

Special Agreement Information

Potable Water

SWTPOT2

The documentation for this agreement is missing. However, it is believed to have been in existence since at least 1974. The customer receives a 75% reduction on the standard tariff for the purpose of fire -fighting requirements.

SWTPOT4

This agreement commenced in November 1900 and will run for an indefinite period. The supply is not charged.

SWTPOT5

The documentation for this agreement is missing. The supply is charged at 0.00417p per 4.5m³. No standing charge is payable.

SWTPOT6

This agreement commenced in October 1956 and will run for an indefinite period. The agreement allows a free supply of up to 3,323m³ per annum. Water supplied above this volume is charged at the standard tariff.

SWTPOT7

A free supply agreed in September 1928 to run indefinitely.

SWTPOT9

This was agreed in February 1914 to run for 2000 years. The agreement allows a free supply of water up to 500m³ per annum. Water supplied above this volume

2013-14 Special Agreement Register:
South West Water Ltd

is charged at 7.5p per 4.5m³. A condition of the agreement is that the associated reservoir must remain in use.

SWTPOT11

This agreement commenced in November 1900 and will run for an indefinite period. The supplies are charged free.

SWTPOT12

This agreement commenced in November 1900 and will run for an indefinite period. The supplies are charged at 0.00417p per 4.5m³. No standing charges are payable.

SWTPOT13

This agreement commenced in July 1908 and will run for 998 years. The agreement provides a supply of water up to 1.661Ml/a at 9.167p/m³. Water supplied above this volume is charged at the standard tariff.

SWTPOT15, SWTPOT20

The documentation for this on-going agreement is missing. The customer receives a discount of 7.5% on each quarterly bill.

SWTPOT17

The documentation for this on-going agreement is missing. The agreement allows a free supply of up to 19.7Ml/a. Water supplied above this volume is charged at the standard tariff.

SWTPOT18

The documentation for this on-going agreement is missing. The supply is charged at 3.75p per 4.5m³. No standing charge is payable.

SWTPOT19

The documentation for this on-going agreement is missing. The agreement allows a free supply of up to 1,991m³ per annum. Water supplied above this volume is charged at the standard tariff.

SWTPOT21, SWTPOT22

The documentation for this on-going agreement is missing. The customer receives a discount of 5% on each monthly account.

SWTPOT23

The documentation for this on-going agreement is missing. The customer receives the first 830m³ free; any additional volume attracts the standard rate. The standing charge for a 22m meter size applies.

Non-potable Water

No special agreements exist for the supply of non-potable water to any customer.

Sewerage

SWTSEW6

The documentation for this on-going agreement is missing. However, it is believed to have been in existence since at least 1974. The customer receives a 75% reduction on the standard tariff for the purpose of fire-fighting requirements.

SWTSEW8

The documentation for this on-going agreement is missing. However, it is believed to have been in existence since at least 1974. The customer pays sewerage charges for the volume recorded by a sub-meter on the customer's property. On the remaining volume supplied, the customer pays sewerage charges on the basis of a 67% return to sewer allowance.

SWTSEW9

The documentation for this on-going agreement is missing. The customer only pays sewerage charges for the volume recorded by the main meter minus a sub-meter. It is likely that this agreement dates from before privatisation.

2013-14 Special Agreement Register:
South West Water Ltd

SWTSEW10

The documentation for this on-going agreement is missing. The customer pays charges for wastewater for a maximum of 13m³ of water that passes through a 25mm meter. It pays standard charges for water passing through a 15mm meter. It is likely that this agreement dates from before privatisation.

SWTSEW12 – SWTWES75, SWTWES77 - SWTSEW83

All these agreements end on 31 March 2014. The customers pay the normal standing charges, but lower volumetric rates to reflect the reduced strength sewerage that they discharge.

SWTSEW76

This agreement started in August 2002. The customer receives a discount of £14,000 per annum off the standard sewerage charges in return for an initial investment. The agreement will be renegotiated in 2023.

Trade Effluent

No special agreements exist for trade effluent services.
