

To Whom it May Concern:

We note the above consultation on Ofwat's intended modifications for the proposed self-supply licence.

Schedule 2A of the WIA 1991 (as amended) provides that a restricted retail licence can only be used to supply the licensee's customers (not the licensee itself). We would therefore simply like to note our understanding that the self-supply licences will not apply in Dwr Cymru Welsh Water's area. Consequently we have no further comment to make on the consultation.

Yours sincerely,

**Daniel Davies**  
**Regulatory Strategy Manager**  
Dwr Cymru Welsh Water
