

Response from Anglian Water Business to consultation on updated guidance on whether non-household customers in England and Wales are eligible to switch their retailer

On behalf of Anglian Water Business, I confirm that we have reviewed the updated Eligibility guidance and have no further comments. We note that the updates mainly relate to updated licensing arrangements and the associated framework along with drafting changes to improve clarity. The aspects of determining eligibility remain largely unchanged but were considered separately as part of the Eligibility Supplementary Guidance. We submitted our comments on determining eligibility as part of that separate consultation.

Wendy Monk | Head of Policy and Compliance | Anglian Water Business
