2016-17 Special Agreement Register:
Portsmouth Water Ltd

Supplies/services provided to other Appointees

Exports of water

PRTBWE1

This supply of potable water which began in 2004 is to Southern Water as part of the West Sussex Bulk Transfer Scheme. The duration of the agreement is 10 years. The standing charge is designed to recover the capital costs over the period of the agreement. The volumetric rate recovers the costs of the water supplied. Discussions are currently ongoing for the agreement to be renewed.
