# Agenda

Monday 25 January 2016  
10.30 am to 1.00 pm

<b>Water 2020 Sludge working group – first meeting</b>		
1	Introductions and expectations of the meeting.	
2	Explaining our current sludge consultation proposals.	Alison Fergusson
3	Initial feedback from group members on our proposals and assumptions.	
4	Outline of the sludge elements of our impact assessment.	Justine Dade
5	Breakout session to discuss any additional impacts and evidence we may need to gather to improve our impact assessment.	
6	Draft Terms of Reference and practical arrangements for future working group meetings.	
7	Introductory discussion on the information platform which could be needed to help market participants to identify market opportunities.	
8	Actions and setting the agenda for next meeting.
