

Hello

All of the information you require will be available on the companies' own websites, certainly turnover etc. which will be in their published accounts. We have a [link](#) from our website which should help with the figures. In terms of strategies these will also be published on their websites, for example this one from Severn Trent <https://www.stwater.co.uk/about-us/our-business-and-strategy/> although I'm not sure that the water companies will publish specific procurement strategies and we do not hold these if they do.

I hope this is of some help and good luck with your research project.

Kind regards

Richard
