Dear Ofwat,

Water Supply and Sewerage Licensing Regime - Consultation on Setting Licence Fees

Thank you for the opportunity to comment on Ofwat's proposals for setting licence fees for new Water and Sewerage Supply licensees (WSSLs) from April 2017. We have reviewed the points for consideration and support Ofwat's proposals. We think this approach should provide a simple yet fair basis for setting licence fees.

Our greater concern is the overall level of annual fees to be funded by licensees, particularly when Ofwat's licence fees are added to CCWater's fees and MOSL's fees. Therefore, we are keen that the overall level of costs associated with WSSLs are monitored closely and provide value for money.

Should you wish to discuss our comments in more detail, please do not hesitate to contact me.

Yours sincerely,

Wendy Monk
Head of Policy and Compliance
