Dear Sir

PRT Response to Ofwat Consultation on the Market Arrangement Code

Thank you for the opportunity to respond to above consultation, published on 7 November 2016.

As we noted in our response to the WRC, Portsmouth Water have been involved in both the development of, and application of the Wholesale Retail Code in the shadow market period, and have no issues to raise on the codes.

The governance arrangements in place, including the Interim Code Panel are effective in reviewing and revising the codes and give us comfort that any issues specific issues, be they company or industry, will be reviewed in an appropriate manner.

Yours faithfully,

Neville Smith
Managing Director
