PR16: Business retail price controls
Ofwat
21 Bloomsbury Street
London
WC1B 3HF

By email: NHHRetailPriceReview@ofwat.gsi.gov.uk

28th October 2016

Dear Ofwat,

Business retail price review 2016 (PR16): draft determination

Thank you for the opportunity to respond to this consultation.

We note the contents of this draft determination and the proposed adjustments to allowed average retail cost components and allowed net and gross margins for Bristol Water, as set out in Appendix A1.4. We are satisfied that these proposals are consistent with our submissions at PR14 and PR16, and do not anticipate a significant impact on customer bills as a result of the simplification of controls for customers using greater than five megalitres per year.

We have no further representations to make in respect of this draft determination.

Yours Sincerely,

Keith Hutton
Director of Strategy and Regulation
