Dear Phil,

Business retail price review 2016 (PR16): draft determinations

We welcome the opportunity to review and understand Ofwat's approach to making draft determinations for the Business retail price review 2016 as described in the above consultation.

Having reviewed the information provided, we confirm that we will not be making representations on the draft determinations for South West Water and Bournemouth Water. We look forward to confirmation of your Final Determinations for both companies' non-household retail price controls in December.

Yours sincerely

Iain Vosper
Regulatory Director
