Re: 2010-15 Further consultation on the 2010-15 final reconciliation for the change protocol and overlap mechanisms.

Many thanks for the consultation proposals and for sharing the CIS model to explain the adjustment. We can confirm we agree with the premise for the adjustments, and that we can follow the subsequent calculation of the adjustment. We therefore accept the proposed adjustment. We can confirm that we do not expect this adjustment to cause any material customer bill issues in the PR19 modelling.

Many thanks

Crawford
