20th November 2017

Dear Sirs

In-period ODI draft determination for Anglian Water

This is our response to the consultation on Ofwat's draft determination for Anglian Water's in-period Outcome Delivery Incentive (ODI) for 2016-17, published on 31 October.

We found the document a very thorough and comprehensive description of the process that has been followed in the determination of our application. We welcome the change to reporting the determinations for all companies in a single document. We have no issues with either the change to the price control proposed by the draft determination nor any detail of the document.

Yours sincerely

Alex Plant
Regulation Director
