---

Hi Ofwat

On behalf of Anglian Water Business (National) Limited and NWG Business Limited, which together form the joint venture called Wave, I confirm that we have reviewed the proposals to revise the application process for self-supply WSSLs. We support the proposal to have a separate application process with separate forms and guidance for self-supply applicants which we believe will provide greater clarity. We have no material comments on the content.

Kind regards

**Wendy**
