Ref: Proposal by Ofwat to revise the application process for WSSL limited to self-supply

Dear Laura,

Thank you for giving us the opportunity to provide our comments on Ofwat's proposal to revise the application process for Water Supply and Sewerage Licences limited to self-supply.

Overall we support Ofwat's proposal to modify the WSSL application process for applications limited to self-supply.

However, following our response to Ofwat's proposal on how licence fees are set, and considering the significant increase on Ofwat's costs for 2018-19, we believe that fees should be paid by self-supply licensees in the same way as other licensees, including application fees.

Please do not hesitate to contact me should you wish to discuss it further.

Yours Sincerely,

Stève Hervouet
