2.2. Under section 63AC of the 1991 Act, the Authority may issue a direction to an Eligible Licensee providing that it is to be the duty of that licensee to continue the supply of water to premises which was made by the previous licensee where:

- (a) a water supply licensee (the '**Previous Licensee**') ceases to supply any premises with water; and
- (b) the owner or occupier of the premises has not notified the water undertaker in whose area the premises are that -
 - (i) he has made arrangements for the continuation of the supply of water to the premises, or
 - (ii) he intends any supply of water to the premises to cease.

Where the premises are in a retail exit area the Authority must direct a licensee to continue the supply.

2.3. Under section 110L of the 1991 Act, the Authority may issue a direction to an Eligible Licensee providing that it is to be the duty of that licensee to continue to provide sewerage services to premises which were made by the previous licensee where:

Where the premises are in a retail exit area the Authority must direct a licensee to continue the service.

- 2.4. The Previous Licensee, Tor Water Limited, ceased to provide Water Retail Services and Sewerage Retail Services to Relevant Premises on 19 February 2020 when the Previous Licensee's Water Supply Licence and Sewerage Licence was revoked (the '**Revocation**').
