---

Hi all,

Further to the release of the first draft of our NAV service Offering in March, please see attached our second draft.

We have made a number of changes to the document by incorporating your generous feedback where we can and for clarity listing the changes within revision history on page 1. Key changes which I can highlight are the inclusion of a data logging service and also more info on event communications.

Again, we kindly ask you to review the document then let us know any feedback in which you have by the 14<sup>th</sup> October (where able). We value your feedback and as users of the document want to ensure it as beneficial for you as possible- thank you for all your assistance!

Hope you have a lovely weekend.

Kind regards,

[REDACTED]
