Water connection calculator

Please use our calculator to provide an indicative cost for connecting your property or site to an existing Anglian Water water main.

How many water connections are you looking to make? ?

1 10

Will you require a temporary building supply (TBS) for water? ?

No ▾

Approximately, what is the distance to the nearest water main from where you would like to connect?* ?

Between 5 metres and 18 metres ▾

Will you be making a connection to Anglian Water's water recycling network? ?

Yes ▾

Your quote**

£9147

Water connection	£6110
Water infrastructure	£1700
Water recycling infrastructure	£2850
Infrastructure discount	£-2000
Traffic management	£487

You may be entitled to a credit for the infrastructure charges should the property have been connected to the Anglian Water network in the past 5 years.

For further information in relation to our services and fees, please see our [Developer Charging Arrangements](#) on our website
