<p>Additional detail on measurement units</p>	<p>Each event is independently assessed by the DWI which assigns it a category score. The following category definitions are taken from the DWI's "Guidance on notification of events, August 2009" document.</p> <ul style="list-style-type: none"> • 'Category 1. Not significant' – least potential negative impact on public confidence in the water supply. • 'Category 2. Minor' – some potential for negative impact on public confidence in the water supply, but not requiring significant level of investigation. • 'Category 3. Significant' – potential for negative impact on public confidence in the water supply requiring a detailed investigation and assessment of the event by a warranted Inspector. • 'Category 4. Serious' – significant potential for negative impact on public confidence in the water supply requiring a detailed investigation and assessment of the event by a warranted Inspector, possibly with additional internal and external support (to be determined on initial assessment of the circumstances of the event).
