4 January 2021

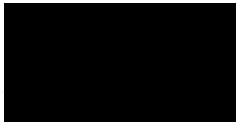

Dear Nigel,

Direct procurement for customers: Statutory consultation on proposed changes to the conditions of appointment of five water and sewerage companies

We have reviewed Ofwat's consultation published on 26 November regarding proposed licence condition amendments.

These amendments are not significantly different from proposals previously published and we give our consent for the licence modifications to be made.

Yours sincerely,

Stève Hervouet
Director of Strategy and Regulation

c.c Martin Hall, Senior Regulatory Economist, Affinity Water
