2nd July 2021

Dear Keith,

Further to our previous discussions on this, we have now reviewed the Draft Determination published on 30th June, and analysed the underlying calculations in the financial model that was shared by Kate yesterday.

I am delighted to be able to confirm that the Draft Determination is acceptable to Anglian Water. Can I also take this opportunity to pass on my thanks to you, Kate and your teams for all the hard work you have put into this during a busy period, which has allowed for a swift turn-around of the IDOK.

Kind regards,

Alex Plant
Director of Strategy & Regulation
