### Freedom of Information Act (FOIA) 2000 - Request For Information

Reference: FOI 202006070

Dear 

Thank you for your request for the following information

Would it be possible to have data on Water delivered (ml/day), volume of wastewater treated (ml/day) although looking at some older data tables the data be a sum of the seven lines in table 14 (sewage collected), Total operating expenditure (both water and sewage), Total capital expenditure (both water and sewage), % of sewage treatment works non-compliant (WRA numeric consents), and % Mean zonal compliance (with drinking water regulations)? This would ideally be yearly data for each water and sewage company dating back as far as you go, I presume this is 1990?

We can confirm that Ofwat does hold this information. Please find attached a spreadsheet with the relevant information you requested and here is a [link](#) to the expenditure.

Once a(n) FOI/EIR request is answered, it is considered to be in the public domain. To promote transparency, Ofwat may publish the response and any material released on our website in the [FOI disclosure section](#). Any personal information in the letter will be removed before publishing.
