Dear Sir/Madam,

Following the recent Ofwat consultation on the proposed removal of Licence Condition C (27th January 2022), in doing so, please could I clarify whether those developments that have terms and conditions signed and agreed post 1st April 2018, could see the WaSC infrastructure charges for 2022-23 being applied retrospectively to those plots not yet connected.

Please could I also clarify if the same application of the proposed removal of Licence Condition C, could apply to those developments that have terms and conditions signed and agreed, pre 1st April 2018, could also face the new 2022-23 charges being applied retrospectively?

I look forward to hearing from you. In the meantime, should you wish to discuss further, please do not hesitate to contact me.

Kind Regards

Craig Ferrans
