Dear colleagues

CONSULTATION ON PROPOSED REVISION OF THE CODE FOR ADOPTION AGREEMENTS

We are supportive of the proposed revisions Ofwat set out in this consultation. Although we instinctively would not want to extend the time frame for Panel decisions from three to four months, we understand the logic of this allowing the Panel to meet twice on proposals and will ultimately be able to better fulfil its functions. We would recommend that for urgent issues, early engagement with the panel could allow this time frame to be shortened on specific cases.

Yours sincerely
