

## Variation of Independent Water Networks Limited's appointment to include Rothwell Road, Desborough, Northamptonshire,

On 22 November 2022, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's (“**Independent Water Networks**”) appointment to become the water and sewerage services provider for a development in Anglian Water Services Limited's (“**Anglian Water**”) water supply area and sewerage services area called Rothwell Road, Desborough, Northamptonshire (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 21 December 2022. During the consultation period, we did not receive any representations in response to the proposed variation.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and sewerage company. As set out in our consultation we are satisfied this is the case.

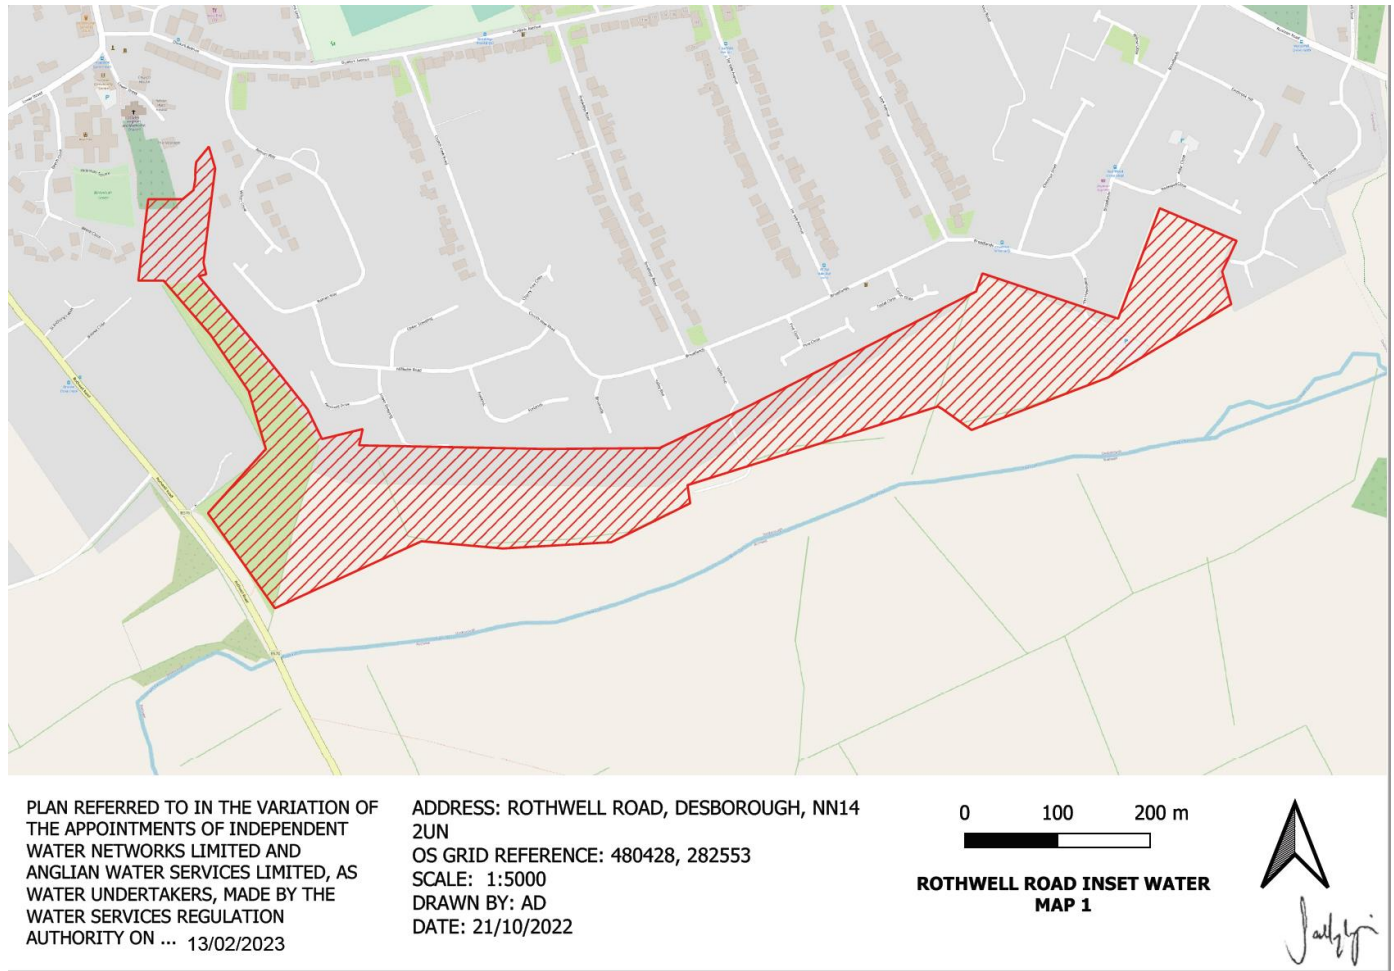

Having assessed Independent Water Networks' application, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water and sewerage services. This appointment became effective on 14 February 2023.

The Site Maps for the variation can be found in Section 1 of this document.

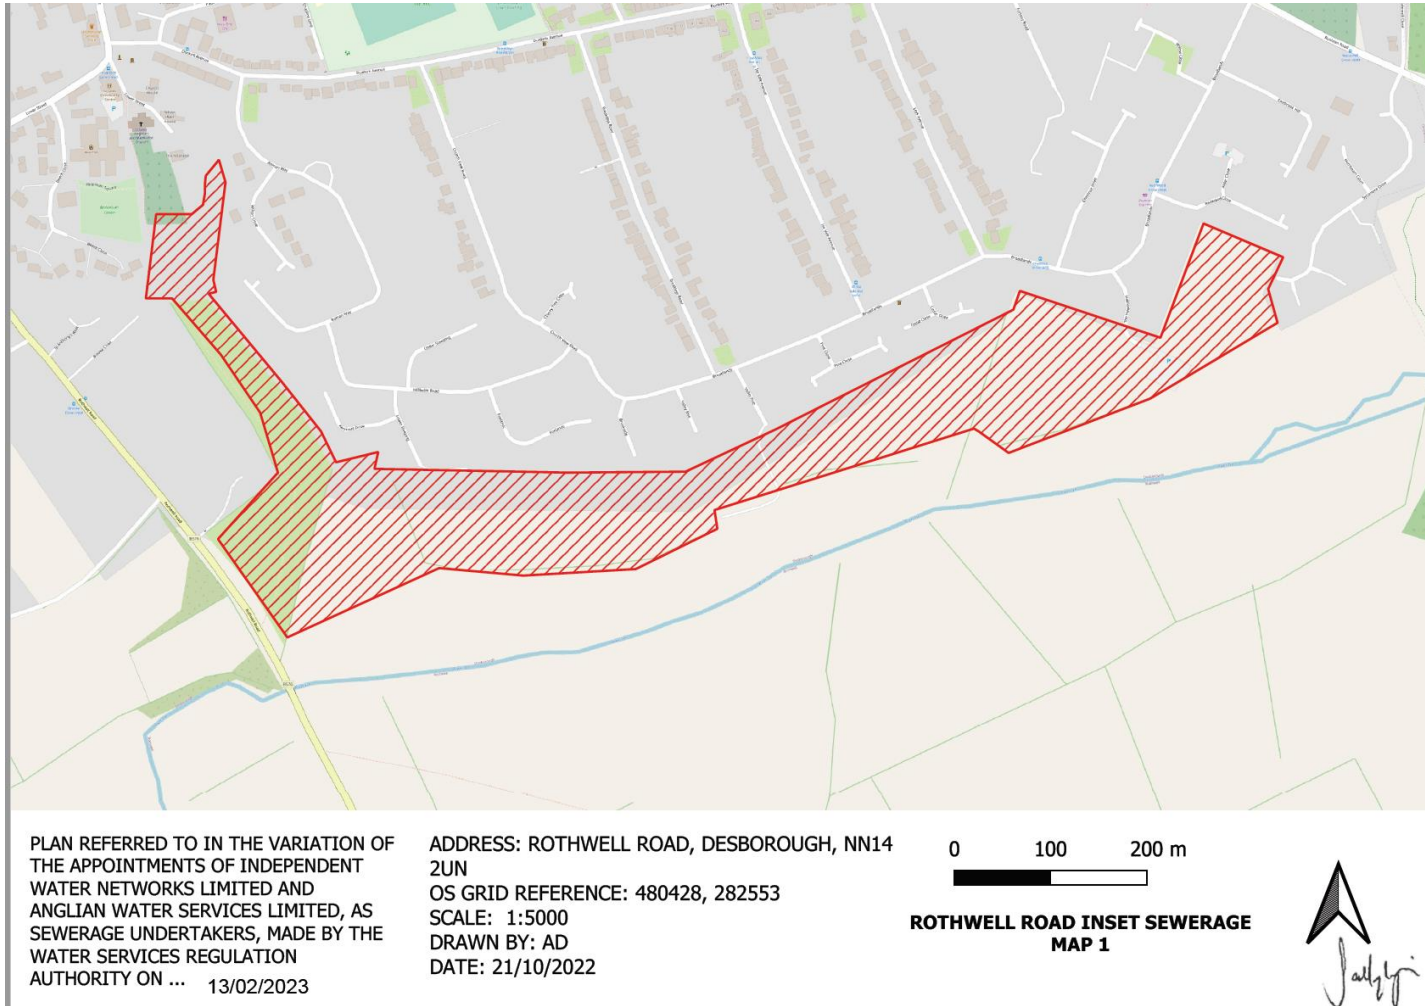

The Variation Notice legally making the variation can be found in Section 2 of this document.
