

Changes to Yorkshire Water's Outcomes performance commitment appendix that accompanied the notification of the determination by the Water Services Regulation Authority (Ofwat) of Price Controls for the period from 1 April 2020 to 31 March 2025

Version control

Version	Date of issue	Performance commitments with changes
1.0	30 September 2020	PR19YKY_10 (D-MeX)
2.0	31 March 2021	PR19YKY_10 (D-Mex)
3.0	17 June 2021	PR19YKY_30 (Pollution incidents) PR19YKY_32 (Treatment works compliance)
4.0	28 October 2021	PR19YKY_40 (Quality agricultural products)
5.0	04 November 2021	PR19YKY_25 (Per capita consumption)
6.0	08 June 2022	PR19YKY_6a (Operational carbon)
7.0	28 February 2023	List of performance commitments redetermined by the CMA added.
8.0	29 February 2024	PR19YKY_36 (Bathing water quality)

This notice lists the performance commitments redetermined by the Competition and Markets Authority (CMA) in March 2021.

For details of the redeterminations, see the consolidated outcomes performance commitment appendices issued for this company on [Ofwat's website](#).

List of redetermined performance commitments

Unique ref.	Performance commitment name	Comment
PR19CMA_YKY-01	Living with water	PC added by CMA determination
PR19YKY_20	Water quality compliance (CRI)	PC redetermined by CMA
PR19YKY_22	Leakage	PC redetermined by CMA
PR19YKY_24	Mains repairs	PC redetermined by CMA
PR19YKY_23	Unplanned outage	PC redetermined by CMA
PR19YKY_31	Internal sewer flooding	PC redetermined by CMA
PR19YKY_28	Low pressure	PC redetermined by CMA

This notice contains a log of changes to the [PR19 final determinations: Yorkshire Water – Outcomes performance commitment appendix](#) that was published on 16 December 2019.

For minor corrections, see the corrigenda issued for this company on [Ofwat's website](#).

1.1.1 D-MeX

PR19YKY_10

The detail for this performance commitment is set out on pages 44-47.

Version 1.0 of this change log makes the following changes:

On [page 44](#), in the 'Performance commitment definition and parameters' table for:

Detailed definition of performance measure	<p>D-MeX is a measure of customer satisfaction. A company's overall D-MeX score is calculated from two components that contribute equally:</p> <ul style="list-style-type: none">• qualitative D-MeX score, based on the ratings provided by developer services customers who transacted with the company throughout the reporting year to a customer satisfaction survey; and• quantitative D-MeX score, based on the company's performance against a set of selected Water UK performance metrics throughout the reporting year. <p>The survey results which are used to calculate the qualitative component of the company's D-MeX score will be supplied by a survey agent appointed by Ofwat. This is supplied out of 100 to form the score for the qualitative component of D-MeX.</p> <p>The set of Water UK performance metrics which are used to calculate the quantitative component of the company's D-MeX score, in place at the time of PR19 final determinations publication, are set out in annex 2 of 'PR19 final determinations: Customer measure of experience (C-MeX) and developer services measure of experience (D-MeX) policy appendix'. For each metric, a percentage is reported and a simple average of these metrics is taken. This is rescaled to be out of 100 to form the score for the quantitative component of D-MeX.</p>
