

Variation of Icosa Water Services Limited's appointment to include Hale Road, Benson

On 24 February 2023, Ofwat began a [consultation](#) on a proposal to vary Icosa Water Services Limited's (“**Icosa Water**”) appointment to become the water services provider for a development in Thames Water Utilities Limited's (“**Thames Water**”) water supply area called Hale Road, Benson (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 27 March 2023. During the consultation period, we did not receive any responses.

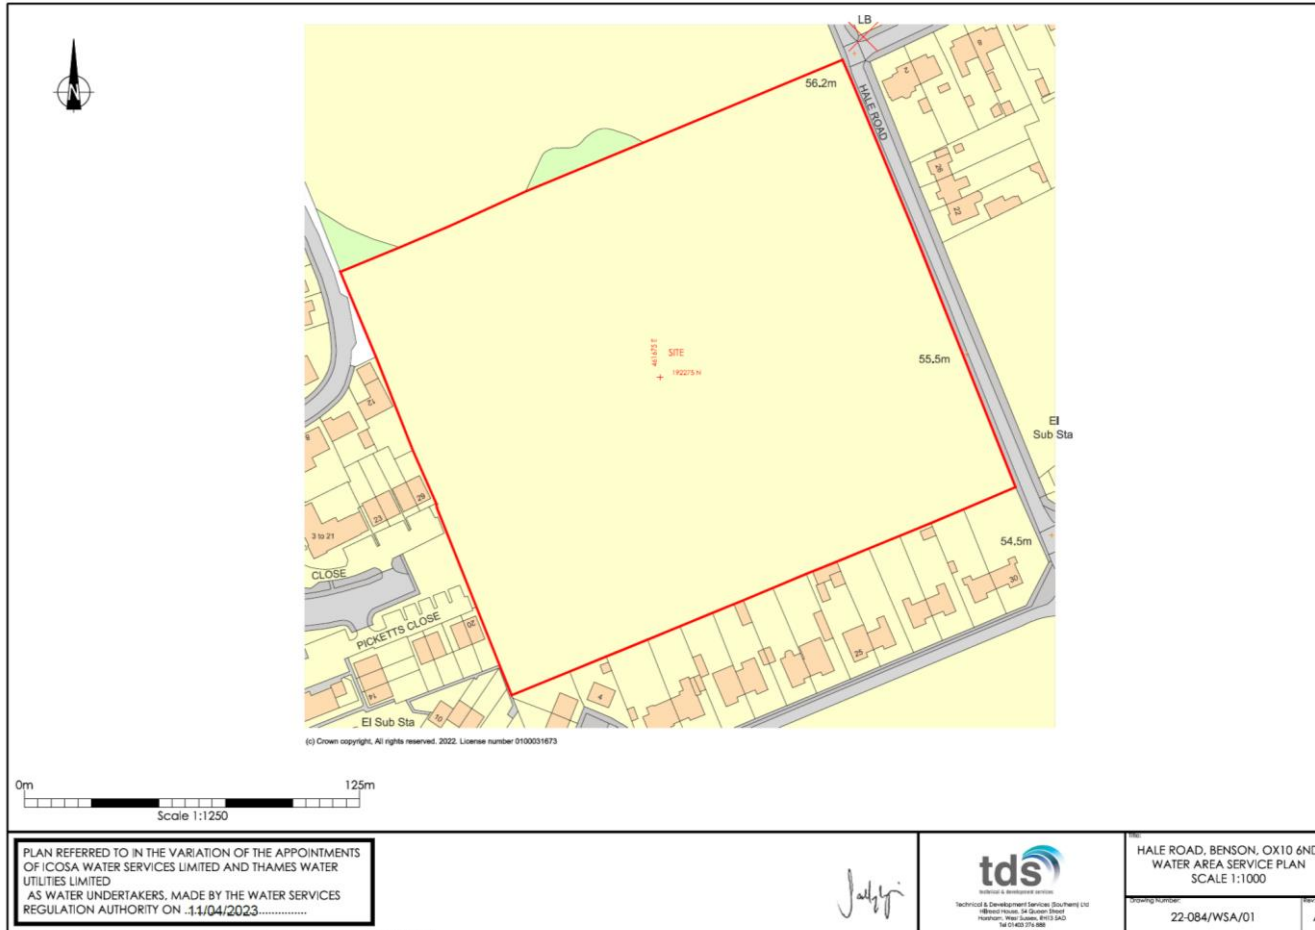

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water company. As set out in our consultation we are satisfied this is the case.

Having assessed Icosa Water's application we decided to grant a variation to Icosa Water's area of appointment to allow it to serve the Site for water services. This appointment became effective on 12 April 2023.

The Site Map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
