

Variation of Independent Water Networks Limited's appointment to include Barry Road, Bristol

On 2 February 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's ("Independent Water Networks") appointment to become the water and sewerage services provider for a development in South West Water Limited's¹ ("South West Water") water supply area and Wessex Water Services Limited's ("Wessex Water") sewerage services area called Barry Road, Bristol ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 2 March 2023. We did not receive any representations in response to the consultation.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and sewerage company. As set out in our consultation we are satisfied this is the case. As we did not receive any responses to the consultation, our view has not changed.

Having assessed Independent Water Networks' application and having received no responses to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water and sewerage services. This appointment became effective on 21 April 2023.

The Site maps for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.

¹ With effect from 1 February 2023 we varied South West Water Limited's area for water services so that it covers the area previously served by Bristol Water plc (the Bristol area) and also terminated Bristol Water's licence because it no longer provides water services to any area. South West Water Limited continue to trade as Bristol Water in this area.
