

Variation of Independent Water Networks Limited's appointment to include Archers Court Road, Whitfield, Dover, Kent

On 29 November 2022, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's ("**Applicant name abbreviation**") appointment to become the water provider for a development in Affinity Water Limited's ("**Affinity Water**") water supply area called Archers Court Road, Whitfield, Dover in Kent ("**the Site**"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 29 December 2022. During the consultation period, we did not receive representations from any stakeholders. Since the consultation ended, Independent Water Networks informed us that it provided incorrect maps and the Site is a smaller section of that we consulted on. We have since notified all statutory consultees who had no further comments. The revised maps does not affect our assessment as the property number and financials remain the same.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and/or sewerage company. As set out in our consultation we are satisfied this is the case

Having assessed Independent Water Networks' application, and having received no responses to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 3 May 2023.

The Site Map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
