

Variation of Independent Water Networks Limited's appointment to include St Margarets Crescent, Leiston

On 9 March 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's ("Independent Water Networks") appointment to become the water services provider for a development in Northumbrian Water Limited's ("Northumbrian Water") water supply area called St Margarets Crescent, Leiston in Suffolk ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 6 April 2023. During the consultation period, we did not receive any representations.

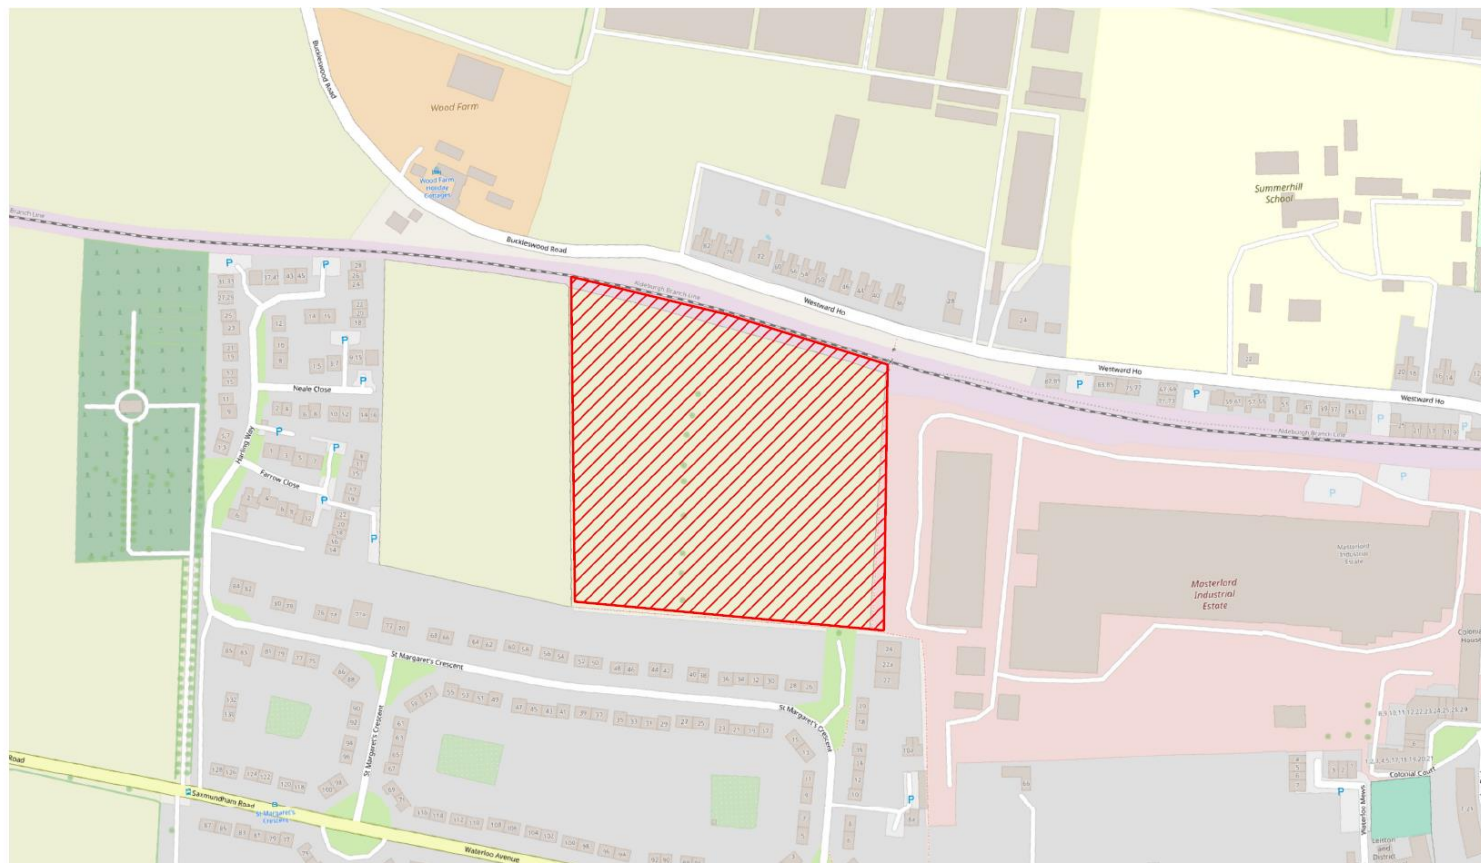

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water company. As set out in our consultation we are satisfied this is the case.

Having assessed Independent Water Networks' application, and having received no responses to the consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 25 May 2023.

The Site Map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.

On 27 June 1995, the Secretary of State for the Environment and the Secretary of State for Wales acting jointly and pursuant to sections 6(1) and 7(2) of the Act authorised the Director General of Water Services² to make variations such as those contained in paragraph 5 below. After public consultation, as required by section 8 of the Act, the Water Services Regulation Authority has decided that it should grant Independent Water Networks' application.

Independent Water Networks' original Appointment was made by the Water Services Regulation Authority under sections 6 and 11 of the Water Industry Act 1991.

² With effect from 1 April 2006 the functions of the Director General of Water Services were transferred to the Water Services Regulation Authority in accordance with section 36 of, and Schedule 3 to, the Water Act 2003.
