

## Variation of Independent Water Networks Limited's appointment to include Lambton Park (Phase 2), County Durham

On 22 March 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's (“**Independent Water Networks**”) appointment to become the water services provider for a development in Northumbrian Water Limited's (“**Northumbrian Water**”) water supply area called Lambton Park (Phase 2), County Durham (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 19 April 2023. During the consultation period, we received no representations to the consultation.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and/or sewerage company. As set out in our consultation we are satisfied this is the case.

Having assessed Independent Water Networks' application and having received no responses to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 25 May 2023.

The Site map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
