

Variation of Independent Water Networks Limited's appointment to include Chase Farm (Phase 2), Gedling, Nottingham

On 4 April 2023 Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's ("Independent Water Networks") appointment to become the water services provider for a development in Severn Trent Water Limited's ("Severn Trent Water") water supply area called Chase Farm (Phase 2), Gedling, Nottingham ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 5 May 2023. During the consultation period, we received no responses to the public consultation.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water company. As set out in our consultation we are satisfied this is the case.

Having assessed Independent Water Networks' application and having received no responses to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 18 May 2023.

The Site Map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
