Subject: Ofwat consultation on New Appointments assessment process
Date: 09 June 2023 17:07:46

Dear Jon

Thank you for providing an opportunity for us to comment on Ofwat's proposal to add a new requirement to applications for new NAV sites in Wales to clearly evidence how customers would benefit as a result of the applicant serving the site rather than the current incumbent company. We support this proposal on the basis that we believe our customers would expect the regulator to have satisfied themselves that the granting of a NAV will yield material benefit for them.

Best wishes

Eleri
