

## Variation of Icosa Water Services Limited's appointment to include The Quarters, Quedgeley

On 4 April 2023, Ofwat began a [consultation](#) on a proposal to vary Icosa Water Services Limited's ("Icosa Water") appointment to become the sewerage services provider for a development in Severn Trent Water Limited's ("Severn Trent Water") sewerage services area called The Quarters, Quedgeley in Gloucestershire ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 8 May 2023. We received no responses during the consultation period.

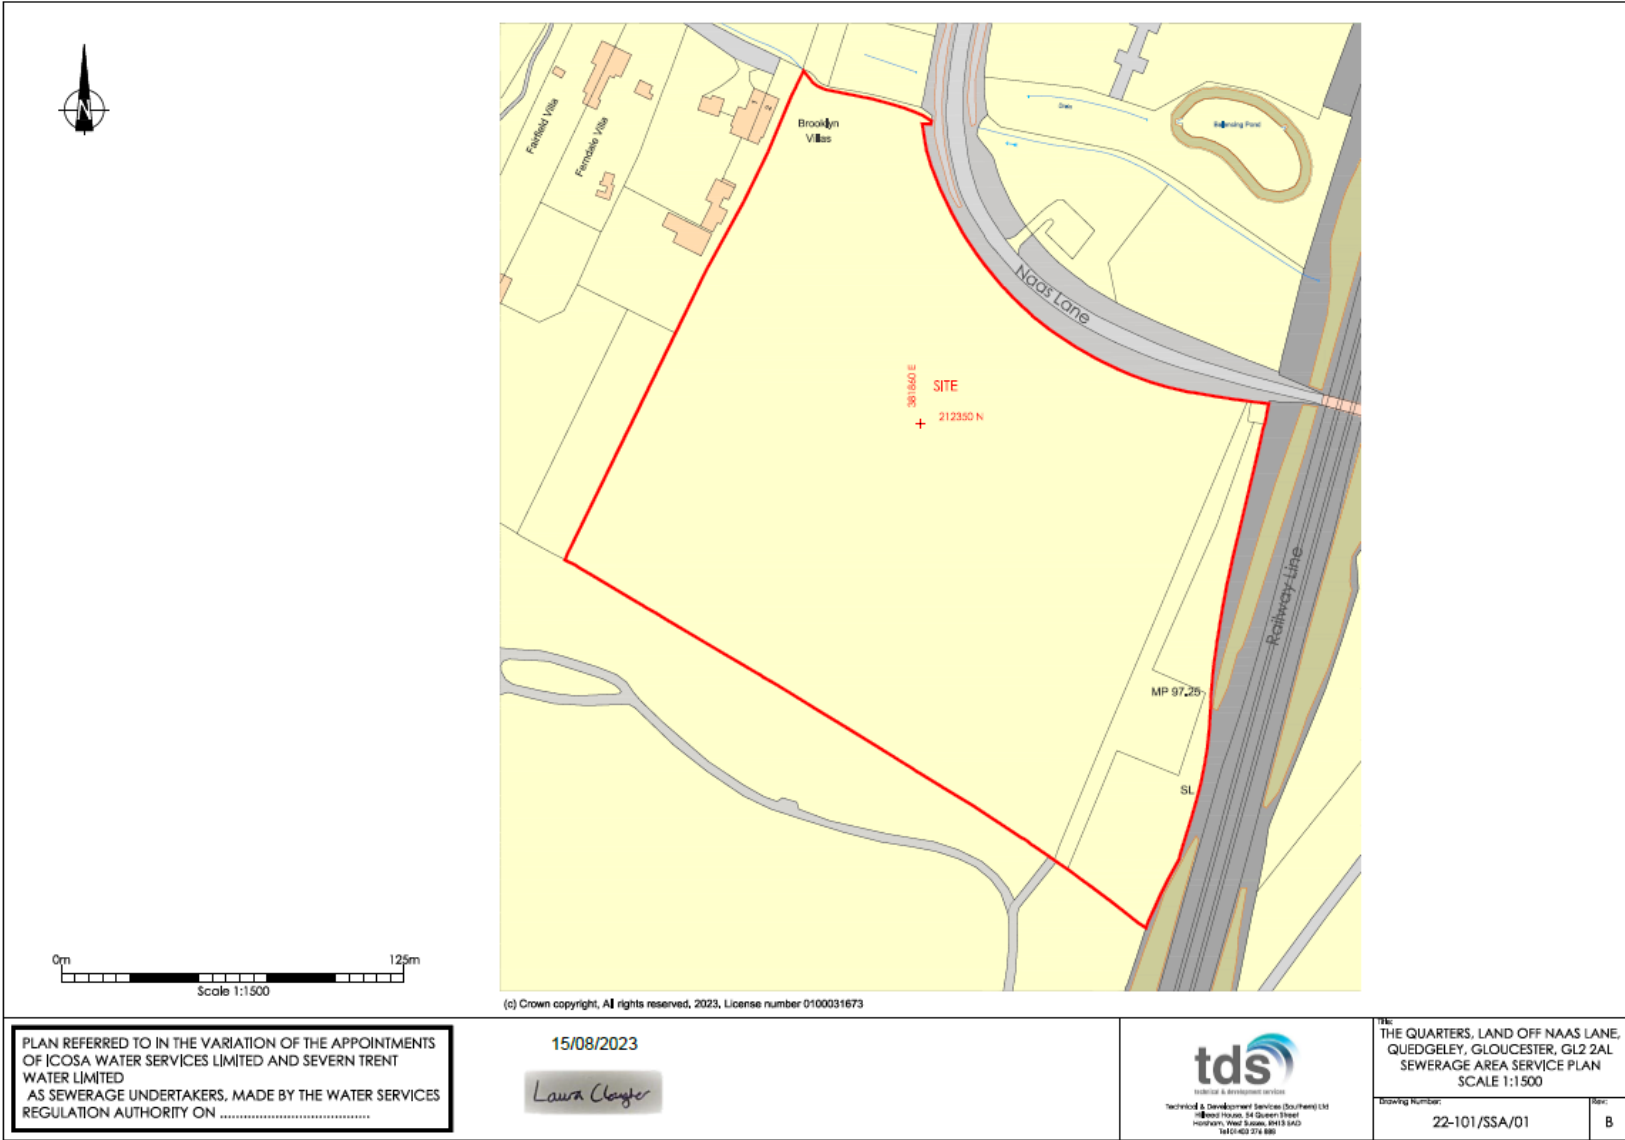

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and/or sewerage company. As set out in our consultation we are satisfied this is the case.

Having assessed Icosa Water's application and having received no responses to our consultation, we decided to grant a variation to Icosa Water's area of appointment to allow it to serve the Site for sewerage services. This appointment became effective on 16 August 2023.

The Site map for the variation can be found in Section 1 of this document. We granted an application for water services for the same Site area in May 2022. The decision document for water services can be found [here](#).

The Variation Notice legally making the variation can be found in Section 2 of this document.
