

Variation of Independent Water Networks Limited's appointment to include Rossfield Park, Ellesmere Port (Sewerage)

On 15 May 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's ("Independent Water Networks") appointment to become the sewerage services provider for a development in United Utilities Water Limited's ("United Utilities") sewerage services area called Rossfield Park, Ellesmere Port ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 13 June 2023. During the consultation period, we did not receive any representations.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a sewerage company. As set out in our consultation we are satisfied this is the case.

Having assessed Independent Water Networks' application and having received no responses to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for sewerage services. This appointment became effective on 30 August 2023.

The Site Map for the variation can be found in Section 1 of this document. The variation for water services which was previously granted, can be found [here](#).

The Variation Notice legally making the variation can be found in Section 2 of this document.
