

Variation of Independent Water Networks Limited's appointment to include Longbeck Road, Marske-By-The-Sea, North Yorkshire

On 4 December 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's (“**Independent Water Networks**”) appointment to become the water and sewerage services provider for a development in Northumbrian Water Limited's (“**Northumbrian Water**”) water supply area and sewerage services area called Longbeck Road, Marske-By-The-Sea, North Yorkshire (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 5 January 2024. During the consultation period, we received a response from one organisation, which is summarised in Section 1 of this document.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and sewerage company. As set out in our consultation we are satisfied this is the case. The response we have received to the consultation has not changed that view.

Having assessed Independent Water Networks' application and having taken account of the response we received to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water and sewerage services. This appointment became effective on 10 January 2024.

The Site maps for the variation can be found in Section 2 of this document.

The Variation Notice legally making the variation can be found in Section 3 of this document.

1. Responses received to the consultation

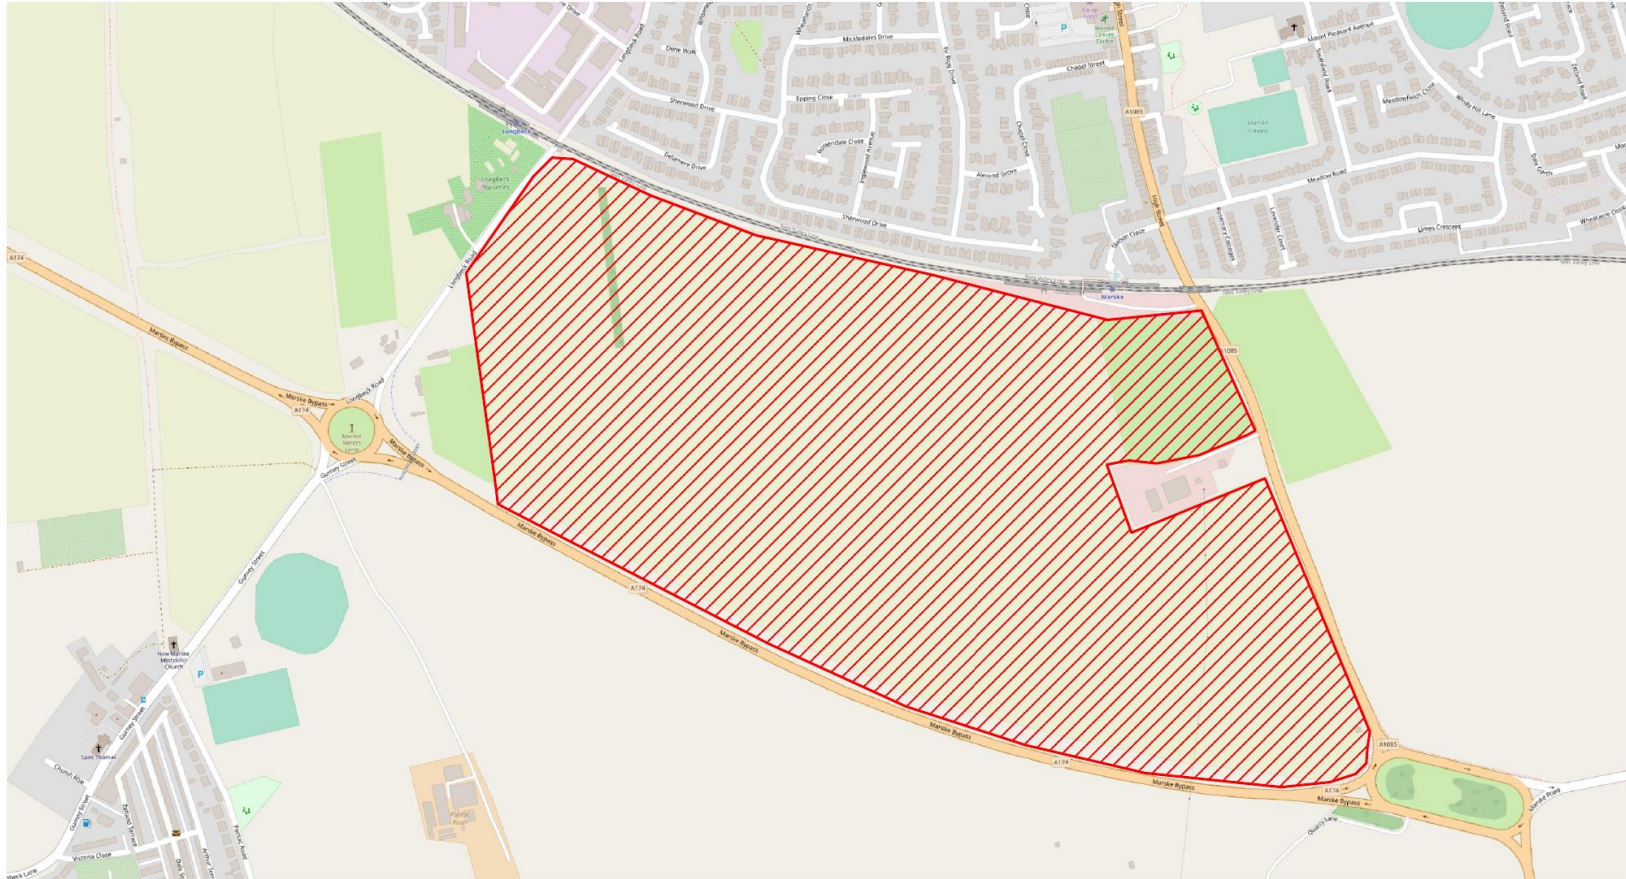

We received a response to our consultation from one organisation: Redcar and Cleveland Borough Council. We considered this response before making the decision to vary Independent Water Networks' appointment.

Redcar and Cleveland Borough Council

Redcar and Cleveland Borough Council provided a letter dated 21 December 2023. It stated that, having consulted with the Local Lead Flood Authority, the Council has no objections to the variation.
