

## Variation of Independent Water Networks Limited's appointment to include Hamilton Lodge, Colchester

On 18 January 2023, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's (“**Independent Water Networks**”) appointment to become the water services provider for a development in Affinity Water Limited's (“**Affinity Water**”) water supply area called Hamilton Lodge, Colchester in Essex (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 17 February 2023. During the consultation period, we did not receive any representations.

There are pre-existing buildings within the Site boundary. Independent Water Networks originally confirmed on 9 January 2023 there are no connections to the Site and the 4 remaining buildings have been scheduled to be demolished in February 2023. On 9 April 2024, Independent Water Networks informed us that the demolition of the buildings has been delayed, however, any connections have been disconnected and the Site therefore remains unserved.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and/or sewerage company. As set out in our consultation we are satisfied this is the case.

Having assessed Independent Water Networks' application we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 15 April 2024.

The Site Map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
