

## Variation of ESP Water Limited's appointment to include Wilford Lane, West Bridgford

On 27 February 2024, Ofwat began a [consultation](#) on a proposal to vary ESP Water Limited's ("ESP Water") appointment to become the water and sewerage services provider for a development in Severn Trent Water Limited ("Severn Trent Water") water supply area and sewerage services area called Wilford Lane, West Bridgford in Nottinghamshire ("the Site"). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 27 March 2024. During the consultation period, we received a response from the Drinking Water Inspectorate. It confirmed it had no comments or objections to make.

In our consultation document for this variation, we noted that ESP Water had a sub-contracted arrangement with Castle Water Limited ("Castle Water") to provide services to retail customers. ESP Water has advised Ofwat that as a result of it exiting the business retail market it is no longer in contract with Castle Water to provide interim arrangements to its business customers. We understand that now that its contract with Castle Water has expired, ESP Water is only providing wholesale services to non-household customers on its sites.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and sewerage company. As set out in our consultation we are satisfied this is the case. The response we received to the consultation did not change that view.

Having assessed ESP Water's application and having taken account of the response we received to our consultation, we decided to grant a variation to ESP Water's area of appointment to allow it to serve the Site for water and sewerage services. This appointment became effective on 4 April 2024

The Site Maps for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
