

Variation of Independent Water Networks Limited's appointment to include May Bower Gardens, Southwell, Dorset

On 11 March 2024, Ofwat began a [consultation](#) on a proposal to vary Independent Water Networks Limited's (“**Independent Water Networks**”) appointment to become the water provider for a development in Wessex Water Services Limited's (“**Wessex Water**”) water supply area called May Bower Gardens, Southwell in Dorset (“**the Site**”). Details of the application and our assessment of it were set out in the consultation document.

The consultation ended on 11 April 2024. During the consultation period, we received one response from Dorset Council, who advised it had no comments to make.

We will only make an appointment or variation if our assessment concludes that the application meets the criterion it has been made under; that customers or future customers on the site will be no worse off than if the site had been served by the existing appointee; and if the applicant will be able to finance the proper carrying out of its functions as a water and/or sewerage company. As set out in our consultation we are satisfied this is the case. The response we have received to the consultation has not changed that view.

Having assessed Independent Water Networks' application and having taken account of the response we received to our consultation, we decided to grant a variation to Independent Water Networks' area of appointment to allow it to serve the Site for water services. This appointment became effective on 30 April 2024.

The Site map for the variation can be found in Section 1 of this document.

The Variation Notice legally making the variation can be found in Section 2 of this document.
